

Marketplace Self Validation Checklist by Alishba Meraj

Day 1 - Bussiness Foundation

Define Bussiness Goals

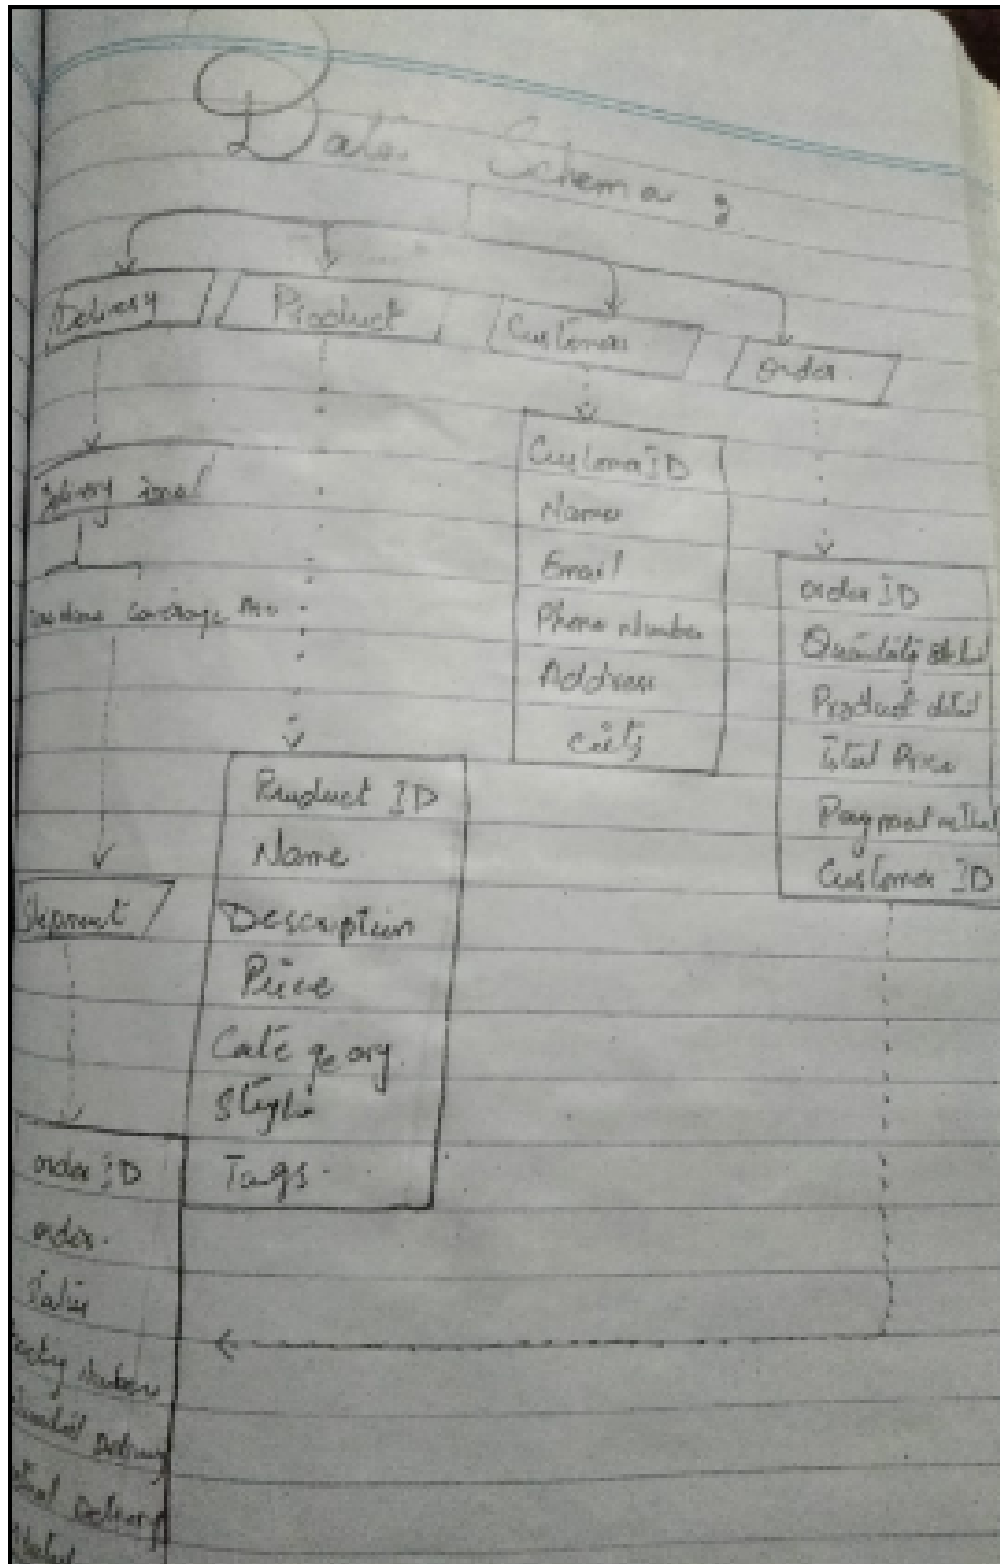

Problem to solve

Problems and strategies for Our website 3

Big website like Amazon and Daraz are already in the market and customers are loyal to them.
So what I will do?

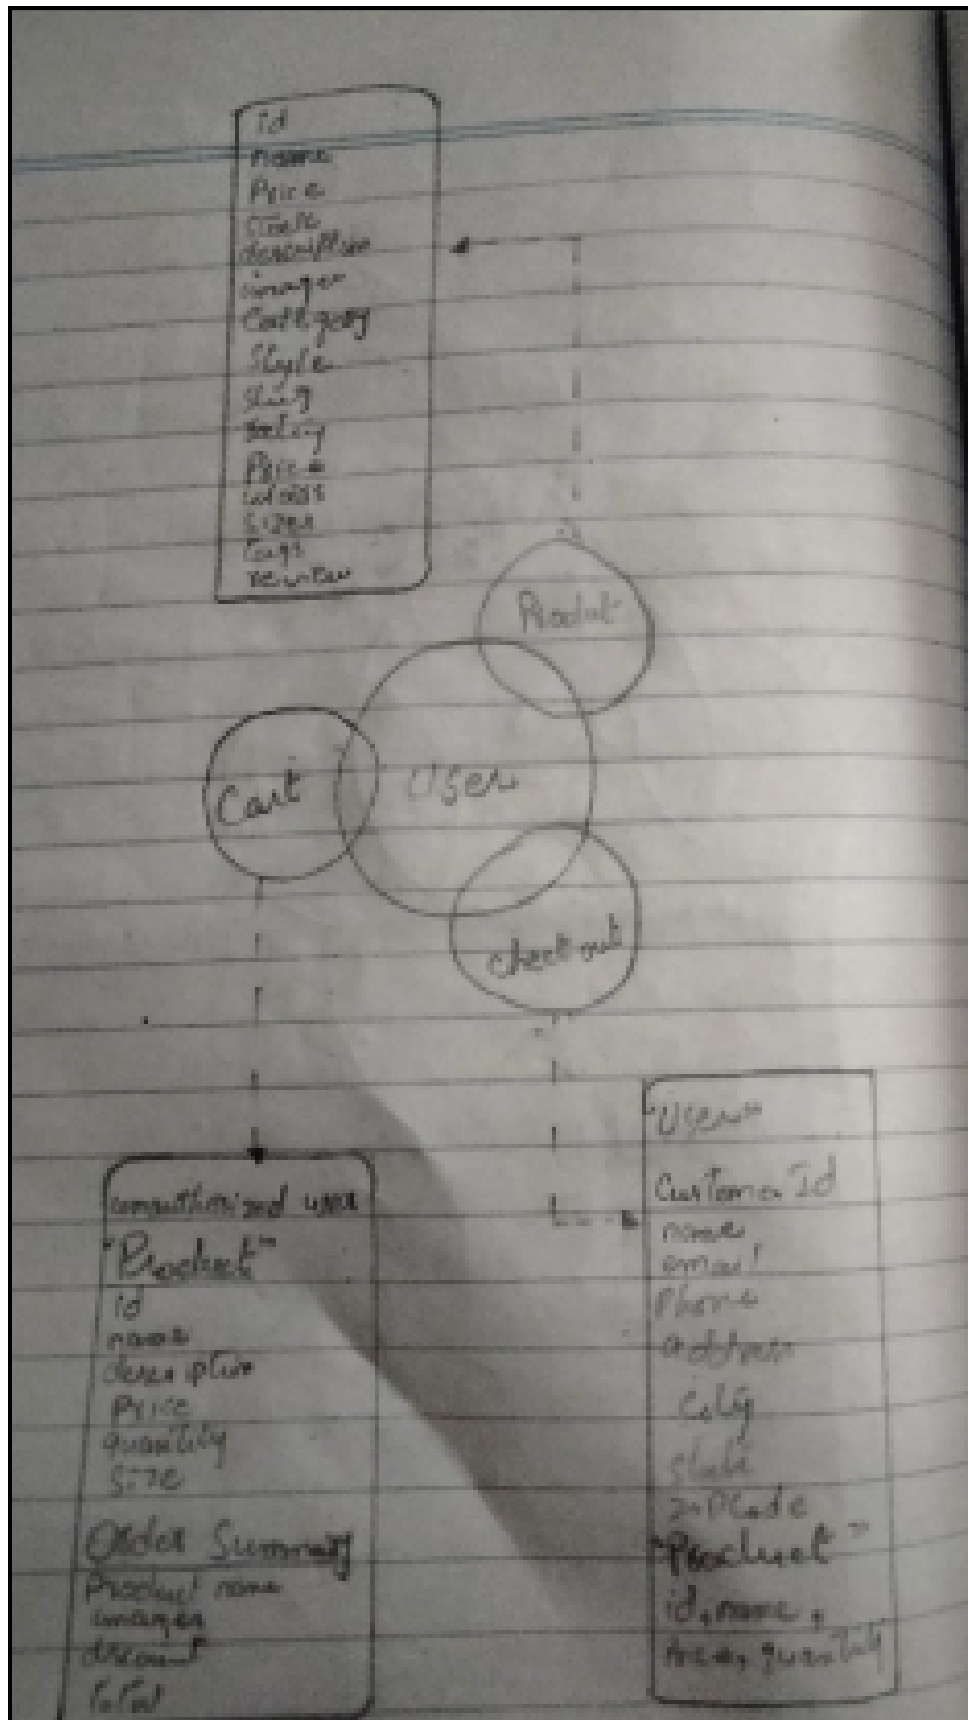

I'll add unique features like personalized recommendations, same day delivery, or eco-friendly packaging. I'll promote these features in ads to show how my website is different.

Create Data Schema

Identify entities

(e.g Product, Order, Customer)

Shipment Tracking
